2 August 2021

Dear Parents and Care Givers

As previously notified, the 2021 Ski Trip has had to be cancelled due to current COVID restrictions impacting on the school and our ability to run excursions.

I have been working with the Ski company for the best possible solution, to prevent a huge cancellation fee. We have secured a part refund, part roll over for next year. All students will be rolled into the 2022 trip. Students who are leaving the school will obtain a refund. These places will be backfilled by other students wishing to attend next year. To avoid this cancellation payment rollover to 2022 was required.

If you have any particular questions please email the school.
