It's Up To YOUth

Youth Week is an annual week-long celebration that is organised by young people, for young people, in communities across NSW.

Following the success of the NSW Youth Week, it is now celebrated as a national event which is jointly supported by the Australian government, state and territory governments and local governments. It focuses on providing opportunities for young people to share ideas, attend live events, have their voices heard, showcase their talents, celebrate their contributions to the community, take part in competitions and most of all have fun!

Administrator Message

This year's Youth Week celebrations on the Central Coast are sure to deliver some much-needed fun and celebration for our young people with an exciting array of activities to keep you entertained over the week long event. Take your pick from a range of activities and events which includes entertainment, health and fitness, competitions and much more. There is definitely something for everyone.

We have incredible young people in our region, 50,141 of them aged between 12 and 24 years, who achieve amazing things for their communities, sporting groups, schools, organisations and charities. Youth Week is all about celebrating our young people and also provides opportunities to get together and promote and celebrate the diversity of young people on the Central Coast.

Council's commitment to strengthening our diverse population by creating new opportunities for connection, creativity, inclusion and opening the door to local sporting, community and cultural initiatives that strengthen our collective sense of self is at the heart of the belonging theme of our Community Strategic Plan. This fantastic Youth Week certainly delivers that. Enjoy.

Stardust + The Mission (Double Bill)

STAR DUST tells the story of bandleader and trumpet player, Col Brain. Before he died, Col placed his most prized life possessions into a cupboard and locked it up, never to be opened again. But what was inside? Told through the eyes of his grandson – award winning ABC presenter & performer, Joel Carnegie – herein lies the discovery of a time capsule of Australian musical life, in a heart-warming quest to uncover what Col wanted us to know about his life by the things he left behind.

THE MISSION follows the journey of “Fighting Gunditjmara” man, Allan McDonald – one of the first Aboriginal soldiers from Victoria to enlist for war. He fought at Gallipoli and Beersheba, only to be denied a soldier’s settlement on his ultimate return to Australia and forced from his land at the Lake Condah Mission. This captivating and rollicking story, told by his great, great nephew, Gunditjmara man Tom Molyneux, tells the truth of Uncle Allan’s struggle; fighting for Country, for love, and for justice..
